

HHU Master Plan Committee Membership

The membership of the Hardy, Hunnewell and Upham Master Plan Committee (HHU MPC) was approved April 11, 2016 at a joint session of the School Committee and the Board of Selectmen.

The School District/Neighborhood and At-Large Representatives were selected using an online application process, with over 30 applications received and thereafter carefully vetted. The applications represented a diverse pool of highly skilled professionals and backgrounds from every school neighborhood. The neighborhood representatives were selected with a primary focus of geographic distribution to the HHU MPC, but also bring a variety of professional experience as provided below. The primary criterion for the selection of the at-large members was professional expertise. All of the members in both of the community-based representative groups have children who are currently in Wellesley Public Schools, will be soon, or have been previously.
